

# THE WORD ON THE STREET...

We caught up with seven locals for this month's Word on the Street and asked them: "If you could move anywhere in the world, where would you go?" The exciting question was well liked by this month's crew, and for the most part, the majority of the cities they said they wanted to travel; they'd already been there. It sounds like these places are obviously too good to pass up, so you might want to add them to your travel wish list if you've not yet traveled there.

## SNAP SNEAKS A PEEK WONDERFUL TREASURES IN OUR MIDST

by: Jillinda Greene

Delving into past experiences, favourite parks, buildings, schools, restaurants, community gatherings or whatever it is within the community that places a smile upon a face. With a focus on reminiscing about special events or pastimes, the glue that has shaped our communities, SNAP would like you to share endearing landmarks or simple stories in celebration of the fabric of our community.

This issue we take a look at the Gardeners Cottage, The Leuty Life Station and the Ashbridge home...all landmarks found within the Beach community. These images for many conjure stories: it could be a memory of a brisk walk through Kew Gardens Park in the fall, the wisps of music filtering through a sunny Jazz festival day, the bright floral display of spring flowers. Our community is unique and the lifestyle enjoyed by our very geographic location is a tribute to the fact that even a simple walk by the lake, a bicycle ride through the park or a competitive game of tennis with friends, lead us to sneak peeks...from our past and the present...in preservation for our future.

Email [jillinda@jillindagreene.com](mailto:jillinda@jillindagreene.com) or contact her at 416-230-3849 to give her your ideas about unique landmarks in our communities and to see your Sneak Peeks in the pages of SNAP in upcoming issues.
