

DIVORCEGIRLZ COMMUNITY CHAT

Rochelle Coleman and Lisa Ricciardelli, who founded Divorcegirlz Inc. in 2011, launched their community chat tour at Totto Spa in the Beach Thursday, November 29th. Divorcegirlz is a not for profit, 'pay it forward' organization, who's mission is to provide the first stop for women who are beginning the journey of separation and divorce. Being connected, informed and smart are the key elements of the mantra. Rochelle and Lisa, both with full time careers in technology, are very focused on building up communities and being available for speaking opportunities to take women through a practical approach/plan.

They are looking to continue to expand community by community to help women through their journey. To join the monthly newsletter, find out the next chat location or for more information check out divorcegirlz.com

ROYAL LEPAGE CHILDREN'S CHRISTMAS PARTY

Royal LePage hosted their annual Children's Christmas party for friends, family and clients on Tuesday December 18th. The event honoured a special guest in his big red suit and gave an opportunity for kids to ask for last minute items on their list before Santa returns on Christmas Eve. The annual event, held at the Kingston Road office, is a time-honoured tradition and was enjoyed by all.

Monday - Saturday 10am - 7pm. Free Delivery. Pick up Fridays only.

SNAP Sneaks a Peek

Things I Like About the Beach

The dictionary definition of "snap" is to 'Break or cause to break, suddenly.' Done or taken in the spur of the moment, to crack or click." What a great name for a local paper that graced our streets and our minds in their first issue, February 2006. SNAP entered the Beach scene reporting on the pleasant moments in time. Through the years, in my opinion, SNAP has become our own, local "People Magazine". Don't turn to SNAP for Doom and Gloom. The purpose of this enchanting, whimsical and wonderful monthly issue is to bring cheer and happiness into your life.

Since 2006, SNAP has covered, clicked and SNAP'd so many events. Every Easter Parade, Jazz Festival, Taste of the Danforth, Beach BBQ and rib festival, Appilicious, the Terry Fox Run, Soupstalk, fund raisers for Kids with Cancer, Walk Roll and Run, the kids Triathlon, Fund raising for East General, Help for women's charities, to name but a very few. SNAP also supports all our local schools, from Malvern Collegiate to Williamson Road Public, all the while showcasing just how vibrant and passionate the youth is here in this community. The paper has covered Birthdays, general Happy Days, and sometimes just a tribute to people who have contributed to the Beach or graced our streets and have since passed, the artist Dorothy McCarthy and Dorreen Alcomo to name but two. All of it, as well, with the ease and massage of the good things in life.

Captured in time, SNAP has the most wonderful stories of family celebrations, store and restaurant openings, birthdays, announcements of high school concerts, celebrations and milestones. The magazine has talked about the "World's Greatest Christmas Party", they have featured great shots of countless people, young, old, happy or sad, posed or caught off guard living and celebrating LIFE. With an invitation to your event, SNAP can "click" "crack" and "break" a story you would like to share.
